Programming languages: python

Others: power -point, MS -Excel, Basic on power-bi, GitHub

INTERNSHIP

Cybersecurity Intern

Skill-Dzire [June-2024]-[august-2024]

Gained hands-on experience in network security, threat analysis, and vulnerability assessment. Assisted in conducting penetration testing, monitoring security incidents, and implementing cybersecurity measures.

Worked with tools like Wireshark and Metasploit to analyse threats and enhance system security.

Contributed to security audits and the development of data protection policies.

PROJECTS

1.E-Commerce Website

Dec-2024

- Developed a fully functional e-commerce website with product listing, cart management, and checkout flow.
- Used React.js for dynamic UI and React Router for navigation.
- Integrated a mock payment gateway and used Firebase for user authentication.

2.Portfolio Website

- A responsive personal portfolio showcasing your skills, projects, and contact details.
- Used React.js for component-based design and animations with Framer Motion.
- Implemented dark/light mode toggle using local storage.

ACHIVEMENTS

- Organised college fest
- Coding competition
- Hackathon on web-development

INTRESTS

Reading, photography, collaboration on people.
